

Expertal

BUILDING PRODUCER

Your SATISFACTION is our PRIORITY

www.expertal.tn

Expertal is a specialized service company offering a wide range of painting and decoration works. Since its founding, Expertal has aimed to become a benchmark provider of high-quality protective solutions for buildings.

We deliver **turnkey, innovative solutions** tailored to the specific demands of various sectors:

- Industrial Facilities
- Hotel Developments
- Real Estate Projects
- Clinics & Hospitals
- Luxury Villas

[Why Choose Expertal?](#)

Driven by expertise and a commitment to excellence, **Expertal** consistently meets the highest expectations in quality and timelines. We provide **customized, durable, and cost-effective solutions** that make a difference.

Our services cater to loyal partners across industries including hospitality, healthcare, real estate, and private residences.

Our Core Values

- **Expertise** : We master cutting-edge techniques in surface preparation and application to ensure top-tier project outcomes.
- **Commitment** : We honor every promise—delivering services that meet strict standards and deadlines.
- **Excellence in Execution** : We don't just meet expectations—we strive to exceed them.

Floor Coatings

Resin flooring systems are designed to meet the **technical, economic, hygienic, and aesthetic** requirements set by our clients. These coatings ensure optimal **mechanical performance, chemical resistance, anti-slip properties, and abrasion resistance.**

Expertal offers a wide range of customized coating systems and paints tailored to your needs, including:

- Thin coatings
- Semi-smooth finishes
- Self-leveling systems
- Colored quartz coatings
- Antistatic solutions

The epoxy resin floor is the most widely used solution in factories, the chemical and food industries, public institutions, hospitals, and other public spaces due to its versatility and high durability.

Once applied, it results in a **very trendy, highly resistant, and easy-to-maintain** floor coating.

What are the advantages?

- Cost-effective solution
- 10 times more resistant than concrete
- Thickness as required
- Quick installation
- Excellent adhesion to all substrates
- Excellent mechanical and chemical resistance
- Seamless floors: hygienic, no bacteria or contamination
- Simple and fast maintenance
- Food-grade coating

Anti-Corrosion Paint

Expertal uses the ideal techniques and solutions for renovation and protection works, both interior and exterior, against rust.

Expertal helps you protect your **ironwork, steel, galvanized sheet metal, structures, piping, fencing, and marine equipment**, either on-site or on construction sites.

Expertal offers **up to a 10-year warranty** on its proposed solutions.

Polishing and Crystallization

Marble

Installed both **indoors and outdoors**, marble floors are considered a **luxury solution**: shiny, luminous, and smooth! They offer all the benefits of **natural stone flooring**, except that they come with maintenance and wear challenges.

Expertal is committed to using the most **effective and innovative technical solutions** to ensure the **maintenance, renovation, and protection** of your floors, regardless of their type.

Interior and Exterior Painting and Decoration

Expertal ensures proper preparation and uses a range of **high-quality, carefully selected products** that meet current standards.

Since its establishment, the company has experienced steady growth due to its **expertise, continuous training**, and the **high technical proficiency** of its specialists.

The recognition and loyalty of its clients are a testament to their satisfaction.

Expertal is made up of a large team of highly qualified experts, specialized and continuously trained.

Among our solutions:

- **Trompe l'oeil techniques**
(faux marble, faux wood)
- **Traditional Moroccan Tadelakt**
for humid environments
- **One-coat liquid application** for
old façades

Expertal provides a **real guarantee** on each recommended intervention, exceeding **D.T.U.** standards, ranging from 2 to 10 years.

Protection and Solutions

Repainting the exterior walls of your building will give it a **well-maintained appearance and added value**.

Additionally, painting protects your walls from **weather conditions and climatic aggressions**. This involves **high-performance and precise work**, relying on the expertise of proper surface preparation.

Expertal conducts a thorough diagnosis and treatment of **capillary rise** using **state-of-the-art equipment**, allowing us to accurately detect moisture levels.
